

Winnifred Joy Kirchner Stamford Wright – VHS 1942

WRIGHT Winnifred Joy Kirchner Stamford October 5, 1924 - March 8, 2017 The family of Joy Wright sadly announces her passing on March 8, 2017 at Wayside House in Victoria, B.C. surrounded by the love of her family and friends. The oldest of four children, Joy was born in 1924 to Ethel and Valentine Kirchner in Chemainus, B.C. She spent her formative years in Powell River where her father was employed at the pulp mill. Joy was cast into the difficult role of helping to raise her brothers, John, David and Peter after her father died in 1937 and the family moved to Victoria. Joy graduated from Victoria High School in 1942, and worked in the Victoria Library until she married Gordon William Stamford in 1947. Their first child, Richard "Sage Birchwater" was born a year later, then Pamela "Smirl" in 1953, followed by Michael in 1962. In 1965

Christopher completed the Stamford family. From an early age Joy was passionate about music and often sang as a soloist in various churches in Victoria. She always had a special connection with young children and was a founder of the Greater Victoria Co-operative Preschool Association where she taught for several years. In 1976 Joy's husband, Gordon passed away. After bringing up her two youngest sons alone through their high school years, Joy married Herbert Wright in 1983. Bert's three daughters, Janis "Corner", Paris "Russell" and Dallis "Morash" brought an added richness to Joy's expanded family. The couple built their beautiful waterfront home at Maple Bay near Duncan, B.C., and it was there that the blended family enjoyed many happy memories including several lovely weddings. After Bert passed away in 1996, Joy moved back to Victoria and began a new chapter in her life travelling and enjoying the antics of her numerous grandchildren and great-grandchildren whom she loved dearly. Finally, at 90, Joy moved into Wayside House where she could live in the supportive environment of her Christian Science faith. Joy heralded inclusiveness among people of different races and religions. She embraced the world in an elevated sense of love, or as she would say, "Divine Love". She had a childlike innocence about her and a love for everything pure from REAL butter and Devonshire cream to how she viewed life. She saw herself and those around her as pure complete children of God. Joy loved life and living and she was an example for all of us of someone who stood true to her Principle and continued to embrace her Christian Science faith through her life despite struggles, tragedies and disappointments. "...I will follow and rejoice, all the rugged way." (Mary Baker Eddy) We will miss the "Joy" of our lives.
