

# Daryl Adams – Vic High Class of 1980

(February 03, 1962 - December 11, 2015)

With heavy hearts we announce our beloved Daryl passed away peacefully on Friday, December 11, surrounded by family. He was born in Portland Oregon, but grew up in Victoria and attended Victoria High School. He loved music, good food, travelling, was a superb basketball player and won the MVP award in high school. He was extremely hard working, owned his own construction business and was generous helping many friends with their homes. When he could no longer work he focused on investing and had the foresight to buy gold at \$200 oz. He was incredibly positive, generous, non-judgmental, intelligent, honest, happy and created meaningful relationships with everyone he met. He was diagnosed with MS at 29 and fought this disease courageously and on his own terms. He listened to advice and then did what he thought was best for him. He was a pioneer in medical cannabis. Thank you to the numerous medical professionals that helped him along the way. With special thanks to Dr Hamm and RN Leah for their

compassion to him and us, RJH-8N, Dr. Patel, Dr. Partlow, Dr. J. Kinahan, the nurses from Royal 2 where he spent a year, Cara and staff on 3N, Barb, Drew and the logistics team, Rosemary-ROHU, his regular workers from Beacon, his physios, and the MS society. The family would also like to thank Greg, his tenants Jim and Deb for support at home, his best friend Will Reid who made time to have coffee with him every week for 20 yrs, the Pavlis brothers who always visited him when in Victoria, and especially Rick and Ferrol for their generosity to take him to Mexico for treatment. He is survived by his wife Sita, her parents, brother Rik and nephews Jaycob and Zack, his mom Jill Pavlis, his brother Kris and family, and sister Jana, Markus and Milena and numerous family on both sides. Daryl requested no service, but wanted us to have a party (likely next summer). Despite declining health he had a great year with a family reunion in May and many visits with his nearest and dearest. Flowers gratefully declined. Donations can be made to the MS Society on North Park.
