

Kevin Scott  
1956-2021

On the final 21st day of the 21st year of the 21st century, Kevin Scott passed peacefully at Royal Jubilee Hospital in Victoria, BC. Kevin is preceded in death by Blayney and Almeda Scott; whom which we believe welcomed him home with open arms at 9:52pm PST. Countless family members and friends supported him during these trying and difficult months in

passing; and we believe that all the love that showered him truly expediated his soul into our hearts.

Kevin's life partner and wife of over 33 years, Rosemary Scott and children Alexandra and Graham Scott, will cherish all the amazing memories they created. His grandchildren, Scarlett and Georgia Scott-Lafortune visibly brought Kevin so much joy in his final weeks here on earth. Not only was he an incredible father to both children, but Kevin took countless other individuals under his wing. One of the most generous and kind-hearted people of his time.

Kevin is survived by his older brother Ian and two sisters, Rosalind and Megan Scott. He and his siblings grew up near the ocean in Victoria and each partook in the established family business known as Scott Plastics Ltd., which is now recognized as Scotty Manufacturing Ltd. within the marine, fishing, firefighting and outdoor industry world-wide. Scotty looks forward to continuing manufacturing in Sidney, BC and will be transitioning into its' third generation of family operation. Kevin was a true man of the people, and his physical presence will be dearly missed at work.

Kevin was a talented musician, playing the drums and keyboards, singing and

composing. His bands were involved in Victoria's rock music scene during the 70's and toured Western Canada. Scott was very engaged in both the racing and motocross communities here on Vancouver Island and across Canada; leaving his mark with generous initiatives and formed friendships. People gravitated to Kevin because of his remarkable humour, ability to ignite improvements and comradery among all those involved.

A celebration of life will take place at Scott's property sometime after the Spring Equinox.

For many, we will grieve and feel this huge hole that now resides in our hearts, but we must take comfort during this winters' solstice; for the dark gives rise to the new light within us.
