

AXWELL, Doreen (nee Cleator) (1943)

August 28, 1926 - March 9, 2022

Doreen May Maxwell (nee Cleator) passed away peacefully March 9, 2022. Born and raised in Victoria (Vic High Class of 43), she lived here for all but 3 of her 95 years. Predeceased by her husband, Hugh (1969), she is survived by her brother, Robin Cleator (Kyla) of Mayne Island; in Victoria and area, her daughter Gail Tucker (Bob) and son Ian Maxwell (Janet); grandchildren: Shannon Maxwell, Carrie Martin, Rob

Tucker, John Maxwell, Joe Maxwell and many great-grandchildren. Doreen and Hugh married in Jamaica in 1948 and they came to Canada in 1951. They moved back to Jamaica in 1968 but Doreen returned to Canada in 1969 after Hugh's sudden death.

She spent the next years working for the Red Cross Diversional Therapy Program (Veterans Hospital) and improving the soil in her large garden, eventually successful growing an increasing number of plants. She was especially fond of those sourced through the Hardy Plant Group. While her son-in-law Bob helped with many chores, she never completely trusted him to weed unsupervised. Bob is very grateful for the gardening knowledge and cups of tea she shared. She had been composting and recycling since the 50's, long before it became trendy and there is a large lot off Gorge Road that is no longer a block of clay thanks to 45+ years of her remediation efforts.

All of her jobs and her free time were filled with artistic endeavours: flower arranging with the flowers and foliage she had grown, mixed with driftwood she scavenged (while collecting seaweed for the garden); learning to weave so she could help teach patients; sewing and tailoring clothes for herself, her children and grandchildren; creating home furnishings and dabbling in watercolours and chalk pastels. Her last new venture was fabric art collages and all of us were recipients of at least one of her pieces.

As a young wife and mother in the 50's and 60's, time in the kitchen wasn't optional but she did have a few treats she enjoyed making and sharing. Traditional family

Christmas favourites: cheese straws, candied grapefruit peel, buttercrunch, nuts and bolts, which will always be enjoyed in her honour.

The last few years were spent living at Ian and Janet's home enjoying their company and care and watching the activities and animals on the farm. Almost to the end, she was an avid reader - books (no ROM COMs please) and the Times Colonist to keep up on local, regional and world events and politics. Doing (and solving) Cryptic Crosswords was always a favourite activity. She will be missed by us all for her talents, dry wit, support and counsel. Finally at rest.
