

Ernell Gaye Cunningham (nee Lindstrom) (1966)

With much sorrow, we announce the passing of Ernell Gaye Cunningham. Predeceased by her daughter Alisha on April 22, 2022, she leaves behind her husband Gary, to whom she was married for 56 years, daughter Jessica, her husband Dale and grandsons Nathan and Colton.

Ernell's constant care and concerns for Alisha is now rewarded with their reunion. Over the years Ernell helped design, construct and supervise two family homes which brought constant relaxing times in both the house and the garden. Enjoyment over the past 21 years was proudly witnessing Nathan and Colton mature into "wonderful boys" spending countless hours watching their hockey and lacrosse games.

With a multitude of hip and knee surgeries, Ernell faced and accepted many challenging times, these times were eased by the early morning swim crowd at the local recreation centre and by the many strangers who eagerly ran to hold the door for her. She always said there are so many nice people out there! Also, thanks to the Victoria High lunch group. After battling cancer for the past 1.5 years, Ernell bravely enrolled in the Medical Assistance In Dying program. The family truly thanks the doctors and team involved for their powerful support in creating a peaceful dignified atmosphere. No service requested.
