

## Leduc McQueen Scholarship

Dear Ms. Leduc McQueen,  
I would really like to thank you. I'm honoured to have been selected for the Leduc McQueen Alumni award, so thank you so so much for your generous support.

My name is Angelena Farley and I believe I demonstrated tenacity and resilience in my pursuit of academic achievement specifically in my math classes. My grade 10 math teacher wasn't a fit for me and gave me a 52% final grade despite always being there and on time as well as always trying my very hardest while enduring extreme stress at home from my single mother having 2 emergency surgeries. My grade 11 math went so so much better, I worked super hard to understand what I was being taught, the teacher was better for me and my learning style and I ended up getting a mark up in the 90% area.

I will be going to camosun college to study psychology and social work. If I take the social worker path id like to work in the hospital and if I become a psychologist/ therapist id also like to work in a hospital. I've been working for a year at the Root Cellar in Cook St and putting money aside for what feels like forever, saving up for college. I've decided to take a 4-month gap to continue working and saving up money so really your contribution to my education really means so much to me.

Thank you again so much for your generosity and support, you have inspired me to potentially contribute to the school as an alumnus when I'm older (and financially stable). Thank you.

Sincerely,  
Angelena Farley.
