

Noel Collison Bursary

Dear Alumni Association,

I am honoured to have been selected for the Noel Collison Bursary and wish to thank you for your generous support. My name is Cameron Bartleman and I am excited to receive the bursary. I have been interested in the trades since I was in grade 6 and was excited when I heard about the Vic High Program. While I was at Vic High, I tried to participate in as many trades classes and I could. I was lucky enough to have the opportunity to take courses such as Metal Work, Woodwork, Electrical, and Mechanics to name a few.

These classes sparked my interest in going into the field of electrical and I am

hoping to take the Electrical Program at Camosun College and then receive my Red Seal. With this money, I hope to purchase a set of tools that will help me progress through the programs. Hopefully, with the help of the Alumni Association, I will be able to give back to Vic High.

Thank you for your generosity,

Cameron Bartleman
