Alumni Award for Fine Arts

Dear Vic High Alumni Association,

I am deeply grateful to the Alumni association for awarding me an alumni fine arts scholarship. Your generosity has had a huge impact on me personally as this is the first time I have been formally and financially recognized for my achievements in art. I have been enrolled in art classes, in and out of school, since I was 5 years old and have found stability in myself through this craft. I've learned as much from my peers as I have through my instructors, and these interactions have fostered a sense of community and provided me with a supportive network that extends beyond graduation. This year I have pushed myself to complete a self guided art class that has challenged my ability to learn time management and techniques I will take with me going into post secondary education.

I have recently been accepted into the Camosun college fine arts program beginning September 2025 which involves an intense workload in all forms of art. This curriculum pushes students to both hone and explore their skills in art, all while learning the cultural and social contexts that shape artistic expression. Through this program I am hoping to learn more about my own ability and how I can apply that to everyday life going forward.

Thank you again for your generosity and support.

Sincerely,

Keiki Turner-Nash
